

DRESS GOODS

Now Is Your Time To Buy

NEXT WEEK we plan to make one of the biggest weeks on Dress Goods we have ever had. Customers can come to our Dress Goods and silk section and find the largest variety of staple and exclusive novelties that has been shown in this city in years. There is one unchanging standard for all Dress Fabrics that are sold over our counters—they must be the very latest in fashion and best in quality.

The predominance of satin finished wool materials as a Fashion Fabric, not alone for afternoon gowns, but likewise for evening wear, is the first and most important fact that strikes the writer of fashion news.

"Faustina Wool Satin" is a fabric that is made up to meet the demand of the highest class trade, yet its price puts it well within the reach of the woman of modest income. Its a chiffon weight, fine twilled worsted made of the finest Australian wool with a high satin finish. It is alike adapted to the classic draped costume and the severe tailor modes. The color range in Faustina is large. One good look at this fabric in the piece and you'll understand and appreciate.
